

Dear Valued Customers,

Here at Gorski Services our customers' and employees' safety is of the utmost importance. With that being said, we are proactively responding to the recent COVID-19 outbreak in order to fulfill our responsibility in preventing the spread of the virus. The following policies are being implemented immediately until further notice.

1. Our workers have been instructed to limit if not eliminate time with our customers at the time of service. They have also been instructed and properly informed on practicing good health habits.
2. In order to practice proper social distancing, we are mainly contacting customers using technology (i.e. Calling, Texting, and Email)
3. If a signature is required, please meet our workers or owner outside of the home, business.

Thanks in advance and be safe!

Sincerely,

Thomas P Gorski (President)
